

Reference number: _____

IV. Health attestation

The undersigned official inspector hereby certifies that:

1. The dairy plant is approved by and subject to supervision and inspection from the Norwegian Food Safety Authority.
2. The raw materials of the products mentioned above were obtained from animals at dairy farms in countries free from Rinderpest and Foot and Mouth disease or from administrative areas free from Rinderpest and Foot and Mouth disease as confirmed by the PRC.
3. The raw materials of the products mentioned above were obtained from cows at dairy farms free of brucellosis, tuberculosis, paratuberculosis and anthrax during the past 12 months. The dairy farms are subject to supervision from the Norwegian Food Safety Authority, and the units have management system to ensure the milk was obtained from healthy animals.
4. The products have been prepared, packed, stored and transported under good hygienic practice and an effective food safety control system, implemented within the context of HACCP system according to official Norwegian Regulations.
5. Dairy products sourced from farms in administrative areas confirmed by the PRC as free of Food and Mouth disease and Rinderpest are produced according to the processing requirements recognised by the OIE.
6. The dairy plant and the products mentioned above have been inspected by the Norwegian Food Safety Authority, are in compliance with the relevant Norwegian/EU hygienic requirements in force which are considered not to violate any hygienic requirements set by the Government of the PRC.
7. The products may freely be sold in Norway and are fit for human consumption. The products have been subjected to general surveillance scheme by the dairy including laboratory tests to validate the microbial quality.
