Part II. Certification

Animal Health

I, the undersigned, official veterinarian, hereby certify that:

AH/T132 Territory requirements (freedom from disease)

.....^{Norway}..... (name of exporting country or part thereof) was free from rinderpest and foot-and-mouth disease during the 12 months immediately prior to collection of the semen for export and until its date of dispatch to Great Britain and no vaccination against these diseases has taken place during the same period.

AH/E351A Establishment requirement (Collection centre)

the centre described in box I.11 at which the semen to be exported was collected:

- (a) meets the conditions laid down in GB requirements;
- (b) is operated and supervised in accordance with the conditions laid down in GB requirements.

AH/E352A Establishment requirement (Collection centre)

the centre at which the semen to be exported was collected was free from rabies, tuberculosis, Brucellosis, anthrax and contagious bovine pleuropneumonia during the 30 days prior to the date of collection of the semen to be exported and the 30 days after collection (in the case of fresh semen until the day of dispatch to Great Britain).

AH/E422 Establishment requirements

the semen to be exported was collected after the date on which the centre was approved by the competent national authorities of the exporting country.

AH/A723A Animal requirements

the semen to be exported was obtained from donor bulls which:

- (a) satisfy the conditions laid down in GB requirements;
- (*) **EITHER** (b) [have remained in the exporting country for at least the last six months prior to collection of the semen to be exported];
- (*) **OR** (c) [have remained in the exporting country for at least 30 days prior to the collection of the semen since entry and they were imported from during the period of less than six months prior to the collection of the semen and satisfied the animal health conditions applying to donors of the semen which is intended for export to Great Britain;]
- (d) comply with at least one of the following conditions as set out in Notes for Completion with regards to **bluetongue**, and as detailed in the table in box I.28.:
 - (*) **EITHER** [i]
 - (*) **AND/OR** [ii]
 - (*) **AND/OR** [iii]
 - (*) **AND/OR** [iv]
 - (*) **AND/OR** [v]
- (e) comply with at least one of the following conditions as regards **epizootic haemorrhagic disease (EHD)**, as detailed in the table in box I.28:
 - (*) **EITHER** (i) [were resident in the exporting country which according to official findings is free from epizootic haemorrhagic disease (EHD);]

I.2 Certificate reference no.	I.2.a Original cert. no.
--------------------------------------	---------------------------------

(*) **AND/OR** (ii) [were resident in the exporting country in which according to official findings the following serotypes of epizootic haemorrhagic disease (EHD) exist: and were subjected with negative results in each case to the following tests carried out in an approved laboratory as set out in the Notes for Completion:

(*) **EITHER** [1]

(*) **AND/OR** [2]

(*) **AND/OR** [3]

AH/A801A Animal requirements

The bovine animals standing at the semen collection centre:

- (a) come from herds which satisfy the conditions of GB requirements;
- (b)
 - (i) come from herds or were born to dams which comply with the conditions of GB requirements, or
 - (ii) were tested at the age of at least 24 months in accordance with GB requirements;
- (c) underwent the tests required in accordance with GB requirements in the 28 days preceding the quarantine isolation period;
- (d) have satisfied the quarantine isolation period and testing requirements laid down in GB requirements;
- (e) have undergone, at least once a year, the routine tests referred to in GB requirements.

AH/P551B Product requirements (storage and transport)

The semen to be exported was processed, stored and transported under conditions which satisfy GB requirements.

(*) Keep as appropriate.

Official Veterinarian

By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.
