

NORWAY

NORWEGIAN FOOD SAFETY AUTHORITY

TOXIC/RADIATION FREE CERTIFICATE

Issued as Addendum to Sanitary Certificate no.:

One of the tasks of the Norwegian Food Safety Authority is to guarantee the wholesomeness and good quality of fish and fishery products exported from Norway.

To this end, chemical, physical, microbiological and sensory analyses are performed.

Fish species of commercial value have been analyzed. The level of radioactivity found in fish caught in Norwegian free ocean waters and landed in Norway were in all instances low and well below the permissible levels given by the international regulatory bodies concerning toxicity and radiation.
