Reference number: _____

SECTION II - HEALTH INFORMATION

II.1 ⁽¹⁾ **[Animal health attestation for farmed/cultivated or wild caught aquatic animals or products thereof**

I, the undersigned official inspector, hereby certify that the farmed/cultivated or wild caught aquatic animals or products thereof intended for retail use or food service referred to in Part I of this certificate:

II.1.1 originate from a country, territory, zone, or premises where the relevant diseases as listed by Directive 2006/88/EC are notifiable to the competent authority and reports of suspicion of infection of the relevant diseases prior to export must be immediately investigated by the official services;

II.1.2 did not show any increased morbidity or mortality that could be caused by one of the other relevant disease(s) of concern ⁽²⁾ not listed in Directive 2006/88/EC. Increased morbidity or mortality prior to export must be notified to and immediately investigated by the official services;

II.1.3 ⁽³⁾ ⁽⁴⁾ [and/or] their broodstock are not under any restriction by the exporting country's competent authority or intended for destruction or slaughter for disease control purposes; and

II.1.4 added transport water, ⁽³⁾ [and ice if included], as well as any other susceptible aquatic animals which contact the animals to be exported during transport, must be EITHER free of disease(s) of concern ⁽²⁾ specific to the species being exported OR treated in a manner that will destroy these pathogens prior to contact with the aquatic animals.

II.1.5 ⁽³⁾ [If the aquatic animals are live, they must also meet the following:

II.1.5.1 the shipment must be free from visible ectoparasites and intermediate hosts; and

II.1.5.2 only those species specified in the import permit are included in the shipment and must be free from fellow travellers OR ⁽⁴⁾ [for molluscs, if the shipment is not free of fellow travellers, then the shipment has been treated in a manner which will destroy the fellow travellers.]]

AND

II.2 ⁽¹⁾ **[Transport and labelling requirements**

I, the undersigned official inspector, hereby certify that:

II.2.1 the live aquatic animals or products thereof referred to above are placed under conditions, including with a water quality, that do not alter their health status;

II.2.2 the transport container or well boat prior to loading is clean and disinfected or previously unused;

II.2.3 the aquatic animal(s) being presented for importation must be packaged in a manner which prevents contact or exchange of animals or water between different shipments of aquatic animals on the same conveyance;

II.2.4 the aquatic animals must be packaged in shipping containers, holding units and/or conveyances that are either new or cleaned and disinfected. The shipping containers and/or holding units must prevent release of the shipping contents (e.g., water or animals) while en route; and

II.2.5 the consignment is identified by a legible label on the exterior of the micro container, or when transported by well boat, in the ship's manifest, with the relevant information referred to in Section I. of this certificate, and the following statement:

"⁽³⁾ [farmed or cultivated] ⁽³⁾ [wild caught] aquatic animals or products thereof intended for human consumption in Canada".]

AND

II.3 I, the undersigned official inspector, hereby certify this consignment on the basis of Canadian import permit document with reference number _____ ⁽⁵⁾ issued on _____ ⁽⁶⁾.

SECTION II - HEALTH INFORMATION

Notes

Part II:

- (1) **Part II.1, and II.2 do not apply to:**
- (a) aquatic animals of species which are not listed in CFIA's Susceptible Species of Aquatic Animals list
 - (b) fish which are slaughtered and eviscerated before dispatch
 - (c) non-viable molluscs and crustaceans, which means shucked or half shell molluscs and head off crustaceans
 - (d) aquatic animals and products thereof placed on the market for human consumption without further processing, provided that they are packed in retail-sale packages which comply with the provisions for such packages in Regulation (EC) No 853/2004
- (2) Canada's list of susceptible species and diseases to which they are susceptible (diseases of concern) can be found on the following web page:
<http://www.inspection.gc.ca/animals/aquatic-animals/diseases/susceptible-species/eng/1327162574928/1327162766981>
- (3) Keep as appropriate.
- (4) For cultured aquatic animals, the aquatic animal(s) AND their broodstock are not under any restriction by the exporting country's competent authority or intended for destruction or slaughter for disease control purposes; for wild aquatic animals, the aquatic animal(s) OR their broodstock are not under any restriction by the exporting country's competent authority or intended for destruction or slaughter for disease control purposes.
- Water exchange for the transported animals is not permitted at in-transit destinations.
 - The colour of the stamp and signature must be different to that of the other particulars in the certificate.
- (5) Insert Canadian import permit number
- (6) Insert date (dd/mm/yyyy)
